Boss Precision Works Co., Ltd. (BOSS), established in 1994, is a professional OEM/ODM supplier of fasteners, especially construction screws, self-drilling screws, self-tapping screws, and stainless steel screws. Backed by experienced satellite factories and equipped with quality-control laboratory and packaging facility, the company is capable of maintaining consistent and superior quality but at the same time lowering production costs.

In compliance with well-known international standards, the ISO9001: 2008 certified maker maintains its own ERP (enterprise resource planning) system and internal/external processes to ensure sound transaction/production flows. Also, by this means, its production control staff can monitor the progress of each production step to make sure each delivery would be on time.

With the support from experienced satellite factories, BOSS has a wide range of product category albeit the mayor one is self-drilling screws. Its product line includes self-drilling screws, self-tapping/piercing screws, drywall screws, chipboard screws, roofing screws, concrete screws, machine screws, and customized products (e.g. bolts, nuts and washers) made of stainless steel, carbon steel, or steel alloy. And product specifications could follow IFI, DIN, and JIS standards.

Given knowledge of fasteners accumulated for 20 years of know-how, the company's research and development capability will enhance amelioration of product function. In addition, to provide better service, BOSS is willing to store up inventories for customers in case of rush orders. In this regard, customers can save unnecessary warehouse costs.

With annual sales of US\$6 million, the company rolls out 2,000 metric tons of screws per year. Boss mainly exports its products to the U.S., Canada, Europe and Japan. It has been a frequent in renowned international fastener shows, including Taiwan International Fastener Show held in Kaohsiung, southern Taiwan.

1994年に設立したBoss Precision Works Co., Ltd.(略BOSS)は OEM/ODMをベースとしたファスナー専門業者として始まり、ドリルねじやタッピングねじ、ステンレス製のねじなど、主に建築用のねじを提供してまいりました。経験を積んだ工場とパートナーを組み合わせながら自社の品質管理室、梱包設備を備え、品質を維持する一方で、同時に製品コストを下げることを可能にしてきました。

国際基準として知られているISO9001:2008認証を得ている同社は、自社のERP (enterprise resource planning) システムを導入し、内外部の相互関係を徹底し、データ処理や生産フローを確実にしてまいりました。また、それは製造工程をモニタリングすることにより、確実な生産管理を目指しております。

ファスナー専門商社として成長できた背景には、協力工場(会社)の大きなサポートにより、多種多様なねじを供給することができるようになりました。また、同社20年のノウハウと協力工場の特長を生かし、カスタマイズ製品、市場ニーズに適用したねじの開発や製品機能を高める研究に取り組み、お客様が必要としているその先を見据えた提案をし続けてまいります。

年間売上600万ドル(USD)、年間量2,000トンものねじを主にアメリカ、カナダ、ヨーロッパ、日本に輸出しております。

近年では、台湾南部にある高雄での台湾国際ファスナー見本市などを含む国内外のファスナー見本市に積極的に出展しています。

台湾から世界へ～今後ともBOSSをよろしくお願い致します!!
